

Formaggio Fusion

Spice Blend by Assoc. Prof. Hynek Roubík

"Formaggio" is the Italian word for cheese, and this blend lives up to its name, elevating the taste of your food to new heights. Experience the magic when paired with fresh tomatoes, mozzarella, and a drizzle of olive oil. The mix also transforms vegetable salads, especially those with Balkan cheese, into culinary delights. Also, it will work perfectly for your pizza and much more.

A pleasantly aromatic, coarsely ground mixture containing mainly dried tomatoes, onions, basil, garlic, sweet pepper, thyme, oregano, parsley and pepper.

This fusion was inspired by two projects, which we are currently having OSIRIS (coordinated from Netherlands – land of cheese) and UNICOM (coordinated from Italy – land of salads and pizza).

Ingredients:
